

MANY RIFLES SENT TO THE TRANSVAAL

GERMANY SAID TO BE FURNISHING ARMS.

Sensational Declaration Made by the London Times—German Papers Accuse Secretary Chamberlain of Duplicit—The Matabele Uprising Causes Much Uneasiness.

London, April 20.—The Times publishes information going to show that the arming of the inhabitants of the Transvaal, which is going forward with such energy, is being assisted from German sources.

A Cape town dispatch to the Times says: "A Barberton telegram reports that the German steamer Bundesrath arrived at Delagoa bay April 14 and St. Komati April 15. The passengers were not disposed to allow their luggage to be examined. Searchers, however, unearthed numerous military accoutrements. A German officer subsequently produced a passport, and the party proceeded to Pretoria, the capital of the Transvaal."

The Berlin correspondent of the Standard says that the German press is indulging in the bitterest comments upon England's action in South Africa, in which they see a direct menace to the Transvaal. They charge Colonial Secretary Chamberlain with duplicity in his statements to parliament and in his messages to President Krueger.

The Standard's correspondent also says that it is again reported that the German government intends to introduce a new cannon into the army.

The Daily News says that military authorities consider that the appointment of General Carrington, British commander at Gibraltar, who has been ordered to the Cape of Good Hope to take command of the British forces in Matabeleland, is a measure of precaution, and that it will probably be followed by the dispatch of more troops. Telegrams have been sent summoning every officer on furlough in Great Britain from the cape to return to duty without delay.

The Chronicle (liberal), commenting upon the situation in South Africa, does not assume that it is Mr. Chamberlain's policy, but, it says: "If the government deliberately intends the subjugation of the Dutch race in South Africa in revenge for the defeat of Dr. Jameson, it is time that Englishmen were up and doing."

The Daily News asserts that President Krueger's original demand for an indemnity from the Chartered South African company for the Jameson raid was £3,000,000, but that negotiation has reduced it to £1,500,000.

ALARM AT BULUWAYO.

Natives Leave the Town, but Treachery Is Feared from Them.

Buluwayo, April 20.—So far as the situation is improved here it is due to the departure of the enemy, which has been massed to the north of the town for several days and from which an attack has been almost hourly expected.

This movement, however, brings little comfort to those in Buluwayo. The excited manner in which the natives quitted their positions indicated a confident purpose of mischief. The direction taken by this great body of hostile natives after quitting the position to the north has not been learned, but it is feared they plan to join the rebels in the Matopopo hills and thus sever communication to the southward. The lack of certainty as to the whereabouts and the immediate destination of the great mass of natives moving so near the town causes much dread and anxiety.

Cape Town, April 20.—Advices received here from Buluwayo are that the numbers of the Matabeles around Buluwayo and threatening that place continue to increase, so that they now form a formidable force. As a measure of defense against the expected attack upon the town, dynamite mines have been laid in the outskirts of the town and in the ground over which an attacking party would necessarily approach. An explosion at the moment an advancing horde of natives was over the mines would do tremendous execution among them.

London, April 20.—The officers of the Chartered South Africa company here persistently represent that the situation at Buluwayo is not as serious as represented in non-official dispatches, and that the town is not in any real danger. The Chartered company announces that it learns that the officials of Buluwayo are confident that they can hold the town and that the town of Salisbury is also safe and is organizing its defense forces.

Two Wings in Nebraska.

Omaha, Neb., April 20.—The democrats of Nebraska held their county conventions to select delegates to the state convention Saturday. The two wings of the party continue to remain quite distinct. Those counties in which the silver wing controlled the regular convention sent delegates to the state convention, to meet in Lincoln April 22. Where the so-called administration forces were in the majority the delegates were accredited to the convention of April 29. The silver interests probably secured the largest number of regular delegates. In each instance the wing was defeated in regular county conventions they will secure delegates favorable to their cause in a mass convention.

IS NOT A CANDIDATE

Gov. Altgeld Makes an Explicit Statement of His Position.

Springfield, Ill., April 20.—Governor Altgeld was asked Sunday to say something in regard to his endorsement as a candidate for re-election by "sound money" democrats at Chicago last Friday night. In answer he said: "As I am not a candidate for governor or any other position, I do not want the endorsement of anybody. Even were I a candidate and were I anxious to be elected, I would not for a hundred governorships stifle my convictions on so momentous a question as that which lies at the bottom of our miseries. The idea that prosperity can be restored to the world with only half the money that was formerly needed to do the world's business is too absurd to be seriously discussed, especially when it is remembered that taxes, interest, the great debts, and other fixed charges have not been diminished."

Firemen Buried by Falling Walls.

Philadelphia, Pa., April 20.—The fire Saturday evening at the Pennsylvania railroad company's Pullman car storage depot was a great disaster. Two firemen were killed outright by falling walls. Five were so seriously injured that they will die or be maimed for life, eight more were overcome by heat and injuries and are now in the hospital. Eight Pullman cars, valued at \$15,000 each, were destroyed, and about twenty-five Pennsylvania standard coaches. None of the injured are expected to live. Many others were injured and overcome by the heat. The loss on the Pullman coaches is about \$120,000, and on the depot and shed about \$100,000.

Farmers Are Discouraged.

St. Paul, Minn., April 20.—There is great anxiety among the farmers of Minnesota and both the Dakotas over the outlook for seeding. It has rained, snowed or hailed every one of the nineteen days of this month. No seeding of any consequence has been done in any of the three states, nor is any likely to be done under the most favorable conditions for the next five days. Reports from Crookston, Fosston, Redlake Falls and other points indicate that settlers are becoming discouraged over the outlook on the Red-Lake reservation, and some of them have abandoned their intention of going on the reserve this year.

Russia Inviting War.

London, April 20.—The African situation is ominous for Great Britain. The Russo-Chinese situation is still worse. What with grants for railways, dockyards, coaling stations and even the cession of valuable and strategic islands, Britain finds that she is being boldly shouldered out of any interests or claims she may have in the vast domain of the son of heaven. The whole sensational affair is an open provocation of war. Despite all treaties with this government, Russia has become the most favored of the favored nations in China, and British merchants are likely to be heavy losers.

Silver Democrats Claim Iowa.

Des Moines, Iowa, April 20.—Democratic county conventions for the purpose of selecting delegates to the state convention to be held at Dubuque May 20 will be held in a score of Iowa counties this week, and when they are over it will be possible to forecast with some degree of certainty the position to be taken at Dubuque on the money question. At the present time the free silver men are freely declaring themselves to be able to control the state committee. This would lead to the conclusion that they may capture the convention.

Business Man as a Firebug.

Tuscola, Ill., April 20.—The large barn belonging to Frank Moon, West Ridge, was destroyed by fire Saturday night, together with seven head of fine horses, a thousand bushels of grain and all farming implements, causing a loss of \$5,000. The fire was of incendiary origin, and warrants have been issued for the arrest of two men. The farmers are greatly worked up over the outrage. One of the suspected parties is a well known business man of another town.

Threaten to Tie Up the Road.

Anderson, Ind., April 20.—The men at this terminal of the Chicago and South-eastern walked out Saturday night, and the indications are that the entire system will be tied up between Anderson and Brazil today. The road is the property of Harry Crawford of Chicago. He has, it is alleged, been very dilatory in the payment of wages, and it is said some of the men are in arrears to the extent of six months.

An Arbitration Conference.

Washington, April 20.—The national arbitration conference will open in this city Wednesday. Between 300 and 400 written acceptances of the invitations to attend the conference have been received from governors of states, judges, philanthropists, educators and other eminent citizens. They represent thirty-eight states. Ex-Senator Edmunds of Vermont will be the president of the conference.

Politics in Michigan.

Saginaw, Mich., April 20.—Saginaw county democrats held their convention Saturday to elect delegates to the state convention at Detroit. After a heated debate the convention failed to endorse free silver by a close vote. A resolution denouncing secret, political and religious organizations was also lost.

LOST IN A SQUALL WITH MEN ON BOARD

NINE MASSACHUSETTS FISHERMEN DROWNED.

Their Boat Wrecked in a Sudden Storm Off the New Bedford Coast Seven of the Crew Rescued—Montana Miners Killed—Run Down by a Train.

New Bedford, Mass., April 20.—Fishing schooner J. W. Campbell of Gloucester went down in a squall back of Long Island Friday night, and nine of the ablest sailors from that port lost their lives. Their names are:

CAPT. ROBERT SMITH.  
JOHN MCGUIRE.  
FRANK SYLVIA.  
GEORGE EHRLER.  
WILLIAM McALLISTER.  
GEORGE GRAHAM.  
ABEL McCOMBEY.  
CHARLES DOHERTY.

The fishermen were bound to the Capes of Delaware after mackerel and all went well until Friday night, when without a moment's warning, a squall struck the vessel and laid her aback. Of the crew of sixteen men most of them were on deck. Some rushed for the stern and others took to the main rigging. Before the vessel righted she began to fill and sink. Those at the stern were drawn under by the suction, while those on the rigging were thrown so far away from the vessel that the undertow did not affect them. The others clung to a dory for twenty hours, when the tug Gladiator hove in sight and took them off. They were landed here Sunday. The survivors are: Gilbert Wilkinson, Fred Peterson, Fred Murray, George Murray, Michael Hennessy, William McGuillen, Daniel Comers. They lost everything but the clothes they wore and suffered terribly from their experience on the upturned dory.

SEVEN MINERS KILLED.

Candle Ignites a Powder Magazine in a Montana Mine.

Niehart, Mont., April 20.—An explosion occurred in the Broadwater mine Saturday morning by which seven men lost their lives and six others were seriously hurt. The dead are:

FRANK DORAN.  
W. J. MORRISON.  
HUGH McKENZIE.  
DAN O'LEARY.  
D. H. ROSE.  
JOHN CAIRNS.  
JAMES T. GALLAGHER.  
The seriously wounded are:  
Joseph Deroen.  
James Connolly.  
George Doran.  
Charles Smith.  
Mike Tobin.  
Matt Brown.

The accident occurred in the magazine used for thawing powder. Frank Doran was looking after the powder and just commenced loading the magazine when the explosion occurred. It is supposed that his candle must have ignited some powder. Doran leaves a wife and two children.

Run Down by a Train.

Crown Point, Ind., April 20.—A Pan-handle freight struck three men near Lansing, Ill., Sunday morning, fatally injuring all of them. The injured are: Charles Lazell, both legs cut off above the knee; will die.

Gus Lazell, both legs cut off; will die. Unknown man, legs cut off; will die. As far as can be ascertained here it is supposed that the trio were walking home on the track from a dance under the influence of liquor. They were taken to the Cook county hospital, Chicago.

Depew Praises Cleveland.

New York, April 20.—The Mantauk club, of Brooklyn, Saturday night gave a dinner in honor of Chauncey M. Depew's birthday. The unique feature of Mr. Depew's address was his reference to Grover Cleveland. "The rout of the free coinage of silver party," said Mr. Depew, "and the energizing of the national credit by the triumph of sound money are more largely due to his throwing upon that side, with magnificent courage and ability, the whole strength and power of his great office and of his administration than to anything else."

Colorado's Silver Forces.

Denver, Colo., April 20.—A meeting of the prominent populists of Colorado was held Saturday, at which the political question was discussed. Thomas M. Patterson presided, and General J. B. Weaver and H. E. Taubeneck, chairman of the national populist committee, were present. General Weaver had just come from Oregon, where he says he believes the democrats and populists will combine and carry the state. An effort will be made to amalgamate all the silver forces regardless of party.

Carolina Will Walk Out.

Warrensburg, Mo., April 20.—Ex-Governor Tillman, of South Carolina, was intercepted by a reporter on his way to Pertle Springs. He said: "South Carolina will demand a silver plank and a silver candidate at Chicago or walk out. We will have the convention for silver all right, but if we should happen to be fooled by the gold bugs, it will mean a silver party and a silver candidate."

You want the best, don't you? Smoke Primrose and West 10 cent cigar.

SENATORS TO PUSH ACTION ON CUBA

THE MATTER WILL BE HELPED ALONG AT ONCE.

The Morgan Resolution Likely to Become the Subject of Vigorous Debate—Eastern Press Favors the Recognition of the Patriots and Urge Prompt Measures.

Washington, April 20.—There is talk of an effort to pass some further and more pointed Cuban legislation in case President Cleveland fails to act on the suggestion of congress with reference to recognition of the Cubans as belligerents. The constant reports of outrages in Cuba, against not only Cubans, but even citizens of the United States, add much to the feeling in favor of vigorous action by congress. This feeling is increased by the growing belief that the president does not intend to take any action looking to the recognition of belligerency, but will only tender his good offices in behalf of a termination of the conflict, which are not believed likely to result in cessation of hostilities. There is reason to believe that Senator Morgan, when able to return to his seat in the senate, may call up his joint resolution, which in definite terms recognizes the Cubans. Senator Morgan, when he introduced this resolution, stated to the senate that he intended to press it. He has been ill most of the time since, but has maintained his intense interest in the subject.

A marked feature of the situation in this particular is that the eastern press is now beginning to urge more decisive action by congress. The New York Sun, in a long editorial, urges the adoption of the Morgan resolution and its passage over Mr. Cleveland's head should he veto it. The Morgan resolution, instead of a concurrent one, would require presidential action and would have the effect of an act of congress if he should omit to sign or it should pass over a veto.

Illinois Conventions.

Rockford, Ill., April 20.—The republican county convention has been called for May 18.

Jonesboro, Ill., April 20.—Inofficial returns of the republican primaries, held in this county Saturday, show that McKinley was endorsed for president, Tanner for governor and Northcote for lieutenant-governor.

Forrest, Ill., April 20.—Republicans of Forrest instructed the delegates to the county convention for William McKinley for president, John R. Tanner for governor, and M. C. Eignus for Forrest for the legislature.

Fairbury, Ill., April 20.—Caucuses throughout Livingston county Saturday favored McKinley.

Anna, Ill., April 20.—The republican primary elections were held throughout Union county Saturday. McKinley received 891 votes, while Mason has made a clear sweep of the county.

River Gives Up Its Secret.

Holland, Mich., April 20.—What was evidently a brutal murder came to light here Sunday afternoon when a fisherman found the body of a man floating in Black river. The feet were securely bound and a sack had been pulled over the head and arms and tied around the waist. A strap was buckled tightly around the head through the mouth. The skull was fractured and other marks of violence were visible. The body was identified as that of Enos W. Lawrence, 41 years old, who was last seen two weeks ago and was reported to have gone north. The wife and the brother-in-law of the dead man are suspected of guilty knowledge of the murder. They have been located and the sheriff has gone to arrest them. The motive for the crime is unknown.

Insane Woman Scalded to Death.

Chicago, Ill., April 20.—Another name was added to the long list of accidental deaths at the Dunning Insane asylum on Saturday, when Anna Stone, an inmate, was fatally scalded in one of the bathrooms. The woman, who had only recently been sent to Dunning from the bridewell, was not missed by the attendants until her cries of suffering were heard. A hasty search by the startled keepers and fellow inmates was made and the unfortunate woman was found lying under a stream of scalding water in a bathtub. She was then beyond medical aid, however, and after lingering in awful agony for several hours, died at 11 o'clock Saturday night.

Favor General Harrison.

Indianapolis, Ind., April 20.—It is claimed the developments in Indiana during the last week have brought about a dangerous situation for the McKinley cause in this state. The delegation to St. Louis, elected on March 19, contained several men who do not hesitate to declare that their first allegiance is to General Harrison in case there should be a general movement towards him in the St. Louis convention.

To Strike for Eight Hours May 1.

St. Louis, Mo., April 20.—A general strike for an eight-hour day by the union carpenters and horseshoers of the United States is expected by the labor organizations of St. Louis to occur May 1. It is positively stated that every union horseshoer in the United States and every union carpenter, save those in St. Louis will walk out on that day.

READY TO TRY JACKSON.

Case Will Begin at Newport, Ky., Tomorrow.

Newport, Ky., April 20.—The trial of Scott Jackson, the alleged murderer of Miss Pearl Bryan, will begin in the Campbell Circuit court Tuesday morning. The general impression is that the defense will endeavor to establish an alibi. Col. Leonard J. Crawford has practically admitted this, yet he refuses to go into the details of his case. He will attempt to have the admissions made by Jackson at the time of his arrest excluded on the grounds that they were made under duress, threats and promises. Should he succeed in this the prosecution will be greatly weakened, as the only positive evidence of Jackson's whereabouts during the forty-eight hours preceding the tragedy is Jackson's own story.

A theory which finds many supporters is that Jackson will take the stand and admit he was instrumental in bringing about Miss Bryan's death; that he was a mutual friend of the victim and Will Woods, and that at their request he agreed to perform the operation and requested Walling to assist him. This they attempted to do and made a mistake, which resulted in death, but the crime was committed in Cincinnati, and with a view to concealing the victim's identity the body was taken to Fort Thomas and the head severed. Should the truth of this story be established a conviction in Kentucky could not stand. Thus there is a possibility of the defendant escaping punishment on technicalities even though he be guilty.

Judge Helm has notified the sheriff to exclude all women from the court-room during the trial. The attorneys think it will take at least a month to try Jackson, while Judge Helm says they must get through within ten days. He has set Walling's case for trial May 5. Col. Crawford says he will be greatly surprised if a jury is obtained within a week. Each side has subpoenaed over 100 witnesses and about eighty depositions have been taken. The evidence being purely circumstantial, the cross-examination on both sides will necessarily be long drawn out.

WORK FOR LEGISLATORS.

Leading Questions to Come Before Congress During the Week.

Washington, April 20.—The proceedings in the senate probably will open with a contest for right of way between the appropriations committee and the friends of the Peffer resolution for an investigation of the recent bond sales, and upon the result of this will depend largely the line of procedure for the remainder of the week. The programme for the coming week in the house is very unsettled. Mr. Henderson, chairman of the judiciary committee has given notice he will call up the bankruptcy bill on Wednesday and Thursday, but the approach of the end of the session has made all members interested in particular legislation very active, and from now on there will be much jostling and crowding for the right of way.

Excitement at Waterloo, Iowa.

Omaha, Neb., April 20.—A special to the Bee from Waterloo, Iowa, says: "Evangelist Howard is threatened by a mob on account of his remarks in the pulpit. The local paper criticised the evangelist, who retaliated by calling the author of the article a black-hearted liar. A prominent lawyer who endorsed the evangelist's statement that 'Waterloo is as rotten as hades' has been hanged in effigy. The evangelist flourished a revolver and threatened to shoot the first man to cause trouble. There is intense excitement in the town."

Lynch Talk in Indiana.

Argos, Ind., April 20.—Roy Brockus was lodged in jail here Sunday morning, charged with criminally assaulting Mrs. Elizabeth Kershaw, aged 75 years. Brockus, it is alleged, forced an entrance to Mrs. Kershaw's house at 3 o'clock, and after brutally maltreating his victim robbed the house, it being reported that a large sum of money was secreted about the place. Mrs. Kershaw's condition is serious. Great excitement prevails and threats of lynching are openly made.

Waller May Lose His Eyesight.

Topeka, Kan., April 20.—A letter received here from ex-Consul Waller says he is threatened with total blindness, caused by long confinement in the French prison. Waller will soon come to this city, where he will reside permanently. He will, it is said, take the stump for the national republican ticket, even if he loses his eyesight, taking with him a body servant.

Fierce Battle Reported in Cuba.

Havana, April 20.—The Spanish troops have had an engagement with the numerous insurgents who have been advancing westward to attempt the relief of Maceo, and the official reports show a severe reverse for the Cubans. The Spanish loss is not stated in detail, but it is reported that Captain Laso, a doctor, one lieutenant and eight guerrilleros were wounded.

To Repudiate Bonded Indebtedness.

Topeka, Kan., April 20.—District Judge McKay of Harper county, who is one of the leading populists of Kansas, in a published statement, advises the people to repudiate bonded indebtedness, and tells them to stop paying taxes.

MAY RETALIATE.

Window Glass Workers Talk of Establishing Co-operative Factories.

Pittsburg, Pa., April 20.—The Window-Glass Workers' association, which is the wealthiest labor organization in the world, may decide to fight the manufacturers on equal grounds by erecting factories at various points to be run on the co-operative plan. This is the result of the determination of the manufacturers to close the factories throughout the country May 29. The question will be submitted to a vote of the membership of the organization after next Friday's meeting. It is proposed to push the matter so that definite action can be taken at the convention, which will doubtless be held in July.

Choynski and Sharkey May Meet.

San Francisco, Cal., April 20.—Tom Sharkey has expressed the opinion that he can whip Choynski in a finish fight and would willingly engage in such a contest. Nothing has been done yet in regard to a match. Choynski would agree to a match under the same terms as they met on Thursday night. The friends of Joe are confident that but for the foul blow he received in the groin in the first round he would have finished Sharkey in less than five rounds.

Total of Appropriation Bills.

Washington, April 20.—The several appropriation bills as they have passed the house carry \$505,027,410, including \$11,044,000 to meet deficiencies in the running expenses of the government during the last fiscal year, which should have been provided by previous enactment. The appropriation bills as they come back from the senate will probably increase the sum total to \$520,000,000, and possibly to \$525,000,000.

Parkersburg, W. Va., April 20.—Ex-Governor Arthur I. Boreman, the war governor of West Virginia, having been elected its first executive in 1863, died at his home here at 9 o'clock Sunday morning. He was once United States senator and has been identified with state interests for thirty-five years. At the time of his death he was circuit court judge for this district.

Britain May Yield on Trinidad.

Buenos Ayres, Argentina, April 20.—The government of Brazil expects by the next Clyde steamer documents embodying Great Britain's final surrender of any claim to the island of Trinidad.

## INGERSOLL EARNED THE TITLE "REV."

SO SAYS REV. MR. V. E. SOUTHWORTH'S EDITORIAL.

If the Right is Won by Ability to Preach He Can Claim It, He Holds—Rev. Dr. M. G. Hodge Welcomed Home—Some Other Church News.

"The Rev. Col. Robert G. Ingersoll, D. D." was the subject of Rev. V. E. Southworth's "pulpit editorial" yesterday.

"If ability to preach a really great sermon entitles anyone to be loaded down with clerical dignities Robert G. Ingersoll has earned the right to be known henceforth as 'the Rev.' Col. Robert G. Ingersoll, D. D." he said. "Only of course these titles mean nothing to such as he. To a very great number of people the terms 'Rev.' and 'Doctor of Divinity' and such like are somewhat outworn and untrustworthy. Be that as it may, Col. Ingersoll displayed remarkable ability as a preacher when a week ago he occupied the pulpit of the Millant church in Columbia theatre, Chicago."

Continuing he said: First of all he took a great text as a great theme, and then he dealt with it as only a man of great discernment and penetration could do.

After being very properly introduced as "a man who is endeavoring to do good and to make this world better," he announced as his text, "There is no Darkness but Ignorance."

The sermon which followed deserves to be read and re-read many times by all those who are in love with truth and want to help the world. I have never read a more masterful discourse. The speaker forgot his oratory in the greatness of his subject. There was no time for ridicule or mirth. He seemed carried away with the sweep and force of his own thought. There is not a word or line in the whole sermon that we can afford to treat with indifference.

Some Sample Statements.

Out of the many fine and clear statements I have selected a few which I wish you could all remember and tie to forever. He said:

"There is no darkness but ignorance; so there is no light but intelligence."

"As often as we can exchange a mistake for a fact, a falsehood for a truth, we make an advance."

"Real education is the hope of the future. The development of the brain, the civilization of the heart will drive want and crime from the world. The school house is the real cathedral."

"When people become really intelligent, when the brain is really developed, no human being will give his life to the acquisition of what he does not need or what he cannot intelligently use."

"To hasten the coming of the golden dawn of the perfect day, we must commence at the cradle, at the lap of the loving mother."

"There can be no real marriage without love."

"All children should be children of love. All that are born should be sincerely welcomed. There will never be a generation of great men until there has been a generation of free women—of free mothers."

"Neither the diseases nor the deformities of the mind or body, should be perpetuated; life at its fountain should not be polluted."

"Let each individual within the limits of the possible be self-supporting. Let everyone take intelligent thought for the morrow, and if a human being supports himself and acquires a surplus, let him use part of that surplus for the unfortunate, and let each one to the extent of his ability help his fellow men. Let him do what he can in the circle of his own acquaintance to rescue the fallen, to help those who are trying to help themselves, to give work to the idle. This in my judgment is real religion. To do all the good you can is to be a saint in the highest and noblest sense. To do all the good you can is to be really and truly spiritual. Let us flood the world with intellectual light."

Such Sermons Are Rare.

It may be that I am mistaken, but I think such a sermon as that has not been heard more than a few times since that radiant artisan denounced phariseism and extolled practical goodness in his "sermon on the mount."

Ingersoll's sermon, in Columbia Theater, bears many points of striking similarity to the plain gospel of Jesus. In fact, it is, I think, somewhat more suited to our times.

Having shown that he is capable of rising above jarring sarcasm and biting ridicule I sincerely hope that Col. Ingersoll will never again rake over Moses and the barbarities of the Bible. To do good, to make the best of men, to encourage education is better a thousand fold than to tickle the ears of a crowd at a dollar a seat. I like the Rev. Col. Robert G. Ingersoll, D. D. much better than I do "Bob," the professional antagonist of type of Christianity long since gone to decay.

DR. HODGE WELCOMED HOME.

Baptist Pastor Takes Up the Work After A vacation.

"Welcomed Home" was the motto displayed at the Baptist church yesterday, and well did it express the

sentiment of the congregation toward the pastor.

Dr. Hodge occupied his pulpit for the first time since his vacation, speaking from the text Eph. 4: 1, "I therefore, the prisoner of the Lord, beseech ye that ye walk worthy of the vocation wherewith ye are called." He said our walk to be worthy should not only be upright and moral, but distinctively a religious life, having taken God into it. We should lead a separate life, not as a recluse, but separate from sin in a spiritual sense. At the same time, he said, our walk should be fraternal, tending toward a fellow feeling between all lovers of Christ, and lastly it should be a heaven-bound walk.

The first of a series of Sunday evening lectures on interesting topics was given last evening, the subject being the claims of society, and how they should be met by Christians. He said we should never let the claims of society override our own convictions of righteousness; it doesn't excuse me before God that the prevalent opinion of society is that I may do certain things opposed to the dictates of my conscience. He said we should not give the claims of society precedence over the demands of duty, but be a man, a master, not a slave. Help form a right sentiment in society, and avoid evil society. In closing, he advised seeking that society which will elevate and fit people to enjoy the society of heaven.

IMPERFECT VISION AND HALF MEN.

These Were the Subjects at the M. E. Church.

In the morning, the pastor of the First M. E. church, Rev. E. K. Manaton, spoke on the subject, "Imperfect Vision," taking as his text—1 Cor. 13:12. He said people could understand God's wonderful knowledge and vision but partially. Science looks through a glass darkly and there is much it cannot explain. It cannot clearly define life, light, gravitation, etc., etc. God is in it all—it is God in activity. We cannot understand God's ways and know why some are taken from among us and others left. We can see Jesus clearly but his salvation is for all. We can see Calvary clearly. Now we see through a glass darkly, but then we shall see "face to face."

In the evening he spoke on "Half Men," taking as his text, Hosea 7—8. He urged progress. God doesn't want half men. He gives ability and asks for work. We ought at all times to be at our best, so that we may not, like Ephraim, be compared to an unturned cake. If the Christians in Janesville would be all they might, how much might be done. God could take us as Christ did the loaves and fishes and multiply our ability. Let us give our all to God he advised.

The Epworth League meeting was held by E. F. Hall, the subject being, "The Scripture As a Source of Inspiration."

The Ladies Aid Society will meet Tuesday afternoon.

Tuesday evening the Epworth League will give an ice cream social in the church parlors. Ice cream and cake will be served from 6 to 9 o'clock.

The regular prayer service will be held Thursday evening.

THE CONGREGATIONAL CHURCH.

Rev. J. F. Chandler, of Rhinelander, Preached Two Eloquent Sermons.

Rev. J. H. Chandler, of Rhinelander, filled the pulpit at the Congregational church yesterday and preached two interesting sermons. In the morning he described the "new church," which could be founded on the idea of loving one another; while in the evening his address dealt with the faith that became a veritable fountain of youth, where all who wished could be appointed, and newly fitted for the battle of life. Mr. Chandler's sermons were both much enjoyed by large congregations.

TRIED TO USE A BAD CHECK.

Woman Offers Bogus Paper to a Beloit Bank.

Two young women presented at the Beloit State Bank a check for one hundred dollars signed by W. C. Knapp. Having no account with such a person, Mr. Paley, the banker, declined to honor the check. The woman did not appear much surprised and explained that "a gentleman friend, a traveling man," who had left the city, gave it to them. The check was evidently a fraud. It is learned that the same day a stranger asked a merchant near the bank to give him a State Bank check which he did, and it is likely that this check was filled out and given to the women.

## FAIR SINGER ELOPES WITH G. A. DOBYNE

CUPID FOUND THE WAY IN THIS CITY.

First Soprano in a Rockford Church Weds a Young Man Who Makes Bicycles at Harvard Although Her Parents Objected Because of the Groom's Youth.

A genuine elopement, the kind that grows out of parental objection-but love-will find the way conditions, ended in a wedding at Janesville Saturday night.

A sweet soprano singer and a blye-ole maker were the principals. "She" was Miss Grace Titcomb of Rockford.

"He" was George A. Dobyne of Harvard.

Charles S. Nichol of Chicago and Charles H. Todd of Harvard, aided and abetted the affair, and Rev. W. H. Wotton performed the ceremony, after which Mr. and Mrs. Dobyne returned home to seek forgiveness.

The elopement was the result of parental interference with the plans of cupid. For some time past Miss Titcomb and Mr. Dobyne have been "keeping company," but much to the dislike of the young ladies parents who objected on account of the age of young Dobyne, whom, it is claimed is not yet of legal age, but this only made the flame of love burn the brighter, and it was decided to elope and end it all.

Met Here and Were Wed

Miss Titcomb sings in one of the Rockford churches. Saturday evening she arrived in Janesville from the Forest City while Mr. Dobyne came up on "the accommodation" from Harvard. They were at once driven to the Hotel Myers and from there to the Trinity church rectory where they were married by the Rev. W. H. Wotton, Charles S. Nichol and C. H. Todd acting as witnesses. Telegrams were then sent to the parents of the bride and groom, and yesterday morning they left for home.

Mrs. Dobyne is well known in Janesville having visited here a number of times. She has always made Harvard her home but sang in the Rockford church.

Mr. Dobyne is a member of the firm of Rollins & Dobyne manufacturers of bicycles and sewing machines. The couple will make Harvard their home.

"THE WIFE" A HIGH GRADE PLAY

It Will Be Seen At the Myers Grand On Wednesday Evening

An American play of high order by two of the greatest American authors, acted by a clever company of American actors and actresses and produced by one of the most skillful American managers, is the combination that Manager Stoddard will give the patrons of the Myers Grand on Wednesday next. Nothing has been left undone to make the performance of the famous Lyceum theatre success effective.

"The Wife" can be classed among the plays known as Society Comedy Drama. The scene in the third act when John Rutherford is told that his wife married him only to further the interests of the man she really loves, is one of intense dramatic interest. This foul calumny is traced to its original source and the traducer is confronted and branded as a liar and scoundrel.

The play at the same time, abounds in a network of comedy situations, so delicately interwoven that the audience is swayed alternately from tears to laughter.

## LORADO TAFT LECTURES TONIGHT

Great Sculptor and Artist to be Heard at the Congregational Church.

Lorado Taft, sculptor and painter, delighted a fair sized audience beyond measure last night at the Presbyterian church with his illustrated lecture on the "Luxembourg Art Gallery."

Mr. Taft gave a most interesting description of this world famed national gallery of France and then introduced them to some of the innumerable masterpieces in both sculpture and painting by means of beautiful stereopticon views.

Mr. Taft is a most fascinating talker, and his running comments upon each picture, oftentimes very humorous, and always apt and graceful, were a most charming diversion for the audience. His lecture was on education in art. In facile phases he pointed out the distinctive points and nice discriminations to be made in each great picture and he analyzed the masters in a way that made his listeners take a new interest in them. The lecture was given hearty applause at the close, and everybody was enthusiastic in their acknowledgment of the edification and keen enjoyment afforded them—Joliet Morning Post.

## A BOLT FELL CLOSE TO MR. HORSTMAN

SHOPIERE MAN'S VERY CLOSE CALL.

Lightning Killed the Horse He Was Grooming in the Barn—Windmill Also Shattered By a Shaft From Heaven and a Cow Made Too Sick To Eat.

While Mr. Horstman, residing on the Fonda farm in Shopiere, was cleaning a horse in his barn, lightning entered the barn, instantly killing the horse over which he was working, and also killed a cow standing next to him.

Mr. Horstman was partially stunned by the shock, and only knew that he was on the ground with the horse lying on him. He called for help, and the folks from the house got him out from under the dead horse. He was in a dazed condition all day, but will probably fully recover.

At the same hour lightning struck the windmill on John E. Scott's place and tore out a section of the mill, shattering the tower ladder and making a big hole in the ground. A cow that was drinking at the tank under the mill was made so sick that she ate nothing all day.

## THIN PEOPLE.

How the Weight May Be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease, it is natural for some to be thin, and no amount of treatment would add an iota to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest flesh-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery of digesting flesh-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process. One grain of the digestive principle in Stuart's Dyspepsia Tablets will digest 3,000 grains of flesh-forming food. Dr. Jennison recently stated that he depends altogether upon these tablets for the cure of dyspepsia and stomach troubles, and that they not only cure the indigestion, but in every case a gratifying increase in weight was noticed, not fat, but the proper amount of flesh for health and symmetry. Dr. Harlandson speaks highly of the tablets, not only because they build up flesh and cure indigestion, but they are absolutely safe and harmless, no matter what the condition of the stomach and are excellent not only for the ordinary dyspeptic, but for invalids and children.

Stuart's Dyspeptic Tablets are sold by all druggists at 50cts. per package and a trial will convince anyone of their merits.

DANIEL ENNIS WAS SHOCKED

Bolt of Lightning Knocked Him Down While Pumping Water.

A bolt of lightning doubled Daniel Ennis up like a jack knife this morning, but he was not seriously hurt.

The bolt struck M. J. Roherty's residence at 54 Chestnut street, and wrecked the chimney but did little other damage.

Ennis was about to pump a pail of water at a residence next door, and had both hands upon the iron handle when the flash came. He was stunned and thrown to the ground, the electricity having communicated to the iron pump handle.

If a Man

Persistently continues to buy his shoes on his own judgment, that man will hobble through life in shoes that hurt and lose their shape, even if they wear a little; because some shoes wear that haven't another redeeming thing to recommend. A Strong & Garfield shoe can be purchased as safely with eyes shut as with eyes open. They are hand made, built on honor. They hold their shape; they wear and fit right. A. Richardson Shoe Co.

Made An Assignment

The well known firm of Brown Bros. & Lincoln made a voluntary assignment of 362 empty shoe cases today to S. B. Heddies, the tobacco buyer. Opposition to Gov. Upham.

Milwaukee, Wis., April 20.—It is claimed by politicians that a great majority of the rank and file of the republican party oppose the renomination of Governor Upham, but can find no candidate upon whom to unite. Ex-Governor Hoard's name has met with a good deal of favor, but the Fort Atkinson dairymen stopped the talk by telling his friends that he was after the senatorship and wasn't turning at any fork in the road. Eugene S. Elliott, of Milwaukee, and Congressman H. A. Cooper, of Racine, are also talked of.

Indianapolis Burglars Kill.

Indianapolis, Ind., April 20.—Leo Hirth, a well-known and wealthy German citizen, living at 1020 West Washington street, where he conducted a large grocery business, was instantly killed at 2 o'clock Sunday morning by two masked men, who were discovered in his bedroom, and whom he pursued into the rear part of the house. Mrs. Hirth was also shot at, but was not injured.

## A NEW SHOE FIRM IS FORMED

C. C. Bennett and G. H. Cram to Stock the Minor Store

Janesville has a new shoe firm. C. C. Bennett of this city, and George H. Cram of Beloit, are the members, and they will continue the business at the store recently sold to Mr. Cram by J. B. Minor. The announcement of the formation of the partnership was made Saturday afternoon, and Messrs. Bennett and Cram are now in Chicago buying a stock of goods. Frank Palmer, who has been with J. D. Holmes for some time, will be the head clerk.

Mr. Bennett is a well known resident of Janesville, and has been engaged in the insurance and real estate business for some time, while Mr. Cram is Beloit's leading shoe dealer. He has been engaged in that business at the Line City for many years and is well known in this city because of his being a member of the county board of supervisors. Mr. Palmer is also well and favorably known here, and that the new firm will command a large patronage goes without saying.

## AN IMPORTANT SUIT BEFORE THE COURT

**BELOIT BRIDGE BUILDING MAY  
BE INVOLVED.**

Trouble Over the Erection of a Store For E. F. Gaff By C. B. Salmon, May Include the Question of Mr. Salmon's Title To River Property.

An interesting legal battle is to be fought in the circuit court, an action having been begun before Judge Bennett that may eventually involve the question of the right and title of C. B. Salmon to any property in Rock river at Beloit below low water mark.

Several months ago, the story goes, E. F. Gaff, of Beloit, made application to the common council for leave to erect a building on the bridge adjoining the west side of Unity block owned by C. B. Salmon. Leave was granted by the council and Mr. Salmon agreed with Mr. Gaff to erect the building for him, Gaff promising to pay for the same the sum of twenty five dollars per month, until the cost of material and erection was paid for with the right to occupy the same for the term of three years with the privilege of five and the further rights of occupying the building free after the same was paid for. The building was erected at the expense of Salmon and Gaff entered into possession.

Gaff Demands a Receipt.

"At the end of the first month Gaff tendered Salmon twenty-five dollars as part payment, and demanded a receipt acknowledging that that amount had been paid on the building, as per contract. This Mr. Salmon refused to do, but offered to give a receipt for that amount as a month's rental. Gaff declined to acknowledge himself a tenant of Salmon's in any sense, and refused to pay the money on the conditions impressed by Salmon. Whereupon Salmon through his attorneys, Jackson & Jackson, of Janesville, and J. C. Kood, Esq., of Beloit, commenced an action against Gaff to dispossess him from the premises in question. Gaff defended this suit, claiming title to the store, and got the action dismissed on a technicality.

Mr. Gaff through his attorneys, Cornelius Buckley and S. W. Menzie, commenced suit against Salmon in the circuit court of Rock county to compel him to execute a written contract to Gaff according to conditions of his agreement.

## SALOONS WERE OPEN ON THE SABBATH

**SO SAY THE POLICE IN DIVERS COMPLAINTS.**

Proprietors of Three Refreshment Rooms and One Bowling Alley Keeper are Before Judge Phelps—Two Plead Guilty While the Others Will Fight the Case.

Janesville police had both eyes open yesterday, and the result was the arrest of several saloon keepers, who, it is alleged, opened the taps of sundry kegs, and drew the corks of sundry bottles, on the first day of the week, commonly called Sunday, thereby prohibiting the traffic on that day. The men arrested were:

James Dalton, 264 West Milwaukee street.

William Bahr, corner of Academy and West Milwaukee streets.

Alex. McLellan, 4 South River street.

It was also alleged that certain games of bowls were bowled at a certain bowling alley, to wit:

At James Toole's corner of Milwaukee and Franklin street.

James Dalton was the first defendant to face Judge Phelps in the municipal court.

"What do you plead to that, guilty or not guilty?" asked Clerk Williams as he finished reading Officer Hogan's complaint.

Pleaded Not Guilty

"Not guilty" replied the defendant, and the case was set for 10 o'clock tomorrow morning.

Then Bahr's case was called, he also being charged with the offence of having sold liquor on Sunday. He also pleaded not guilty to the allegation of Officer Hogan, and his case was set for 9 o'clock tomorrow morning.

James Toole was then called upon, Officer Hogan charging that the bowling alley was kept open after hours. Toole pleaded guilty and Judge Phelps assessed a penalty of five dollars and costs against him under the city ordinance.

Alex. McLellan's case followed Toole's. In this case Chief Acheson was the complainant, and the charge was selling liquor on Sunday. McLellan explained matters to the court, and then pleaded guilty, and a penalty of \$50 and costs, or \$52.90 in all was imposed upon him.

## OLD COUNCIL MEETS FOR THE LAST TIME

**THE CLOSING SESSION TO BE HELD TONIGHT.**

Bonds of New Officers to be Approved and the Oaths of Office Filed—Matter of a Contested Property Claim Also Likely To Be Brought Up.

The last meeting of the old common council will be held at the city hall tonight, it being a regular session. The principal business to be done, in all probability, will be the approval of the bonds of the officers elect, and receiving their oaths of office. An effort will also be probably made to clear away the unfinished business before the new members take hold.

In all probability a case of contested ownership of a piece of land will also be brought to the attention of aldermen tonight. George Schaller, who resides at 57 North street is about to build a barn near his residence to which the neighbors object.

The land in question fronts on South High street, and has always been vacant. Mr. Schaller had a surveyor to run the lines, and found, it is said, that the land belonged to him. He at once made preparations to build thereon, but was met by the protests of other residents, who claimed the land belonged to the city. Officer Hogan was consulted by the opposition, and the result will be the presentation of the protest to the council.

## MANY ARE WORKING FOR THAT \$10 BILL

LIVELY CONTEST AMONG READERS OF THE GAZETTE.

Crisp Greenback Is Waiting For the Person Who Picks Out the Best Advertisement From the Gazette Each Day In April—Conditions of this Offer.

A strong demand for back numbers of The Gazette has been created by the the prize advertisement contest.

Ten dollars can't be earned easier than by selecting the best advertisement in the The Gazette each night and mailing them to The Gazette office May 1.

As long as back numbers hold out complete files can be furnished.

The idea of the advertising competition has come to be pretty well understood. It is as this:

In every issue of The Gazette there appear a good many pretty good ads and a good many pretty poor ones.

The good ones bring profit to the advertiser and cause his face to be wreathed with smiles.

The poor ads cost just as much, but produce less result, and induce a loss of faith in the value of advertising.

This is all wrong!

We want more GOOD advertisements.

The way to make a good advertisement is to try to make a good one—try hard.

To encourage good advertising The Gazette inaugurates this friendly contest.

The \$10 bill goes to the reader who selects the best display ads that appear in The Gazette during April—one each day.

These are the conditions:

One display ad. is to be clipped from each issue of the Daily Gazette for April and marked with voter's name and the date of issue.

The bunch of advertisements—one from each issue in April—are to be mailed to the Gazette before 6 p. m. Saturday, May 2.

Voters may prepare more than one list if they choose.

The best ad. for each day will be determined by counting the ballots sent in at the end of the month. No ad. is to appear twice in one list.

The contest is confined to display ads—not reading notices or locals. Janesville ads only.

Size, the typographical beauty and verbal cleverness are not the essential qualities. The "best ad" under the terms of this contest, is the one that seems likely to draw the most business. No matter if the wording be clumsy and the typography poor, the ad. that brings results, is the best ad. the world over.

The ad. that makes a hundred people say "That's a fine ad" is good, but the ad. that makes a dozen people buy, is better.

Read these conditions carefully, subscribers and non-subscribers, and get your seissors ready.

**Altogether Different.**  
"I don't know how I'm going to make out," said the agricultural statesman who had been retired; "I've got to depend on the old farm for a living now, and I'm blest if I feel any certainty about making it pay."  
"But you used to make your constituents very proud of you by showing off what you knew about farming," said his wife, encouragingly.  
"I know it, Maria. But don't forget this—farming for votes and farming for crops are two mighty different things."—Washington Star.

**Landlord and Tenant.**  
"How much rent do you pay for this house?" asked Gilhooly of Hostetter McGinnis.  
"Fifty dollars."  
"Isn't that a trifle high?"  
"Yes, it is a little high for summer, perhaps, but it had a good cedar fence around it, so I haven't had to pay much for firewood this winter."—Texas Sifter.

**Trade Tricks.**  
"Mr. Willoughby," said Mr. Pailton, of Willoughby, Pailton & Co., "I am told you have ordered those new bonnets on sale at \$50. They'll never sell at that figure. In fact, they only cost \$2.29 apiece."  
"I know that, Pailton, my boy, but next week we'll mark 'em down to \$25, and they'll go like hot cakes."—Harper's Bazar.

**It is Mighty.**  
It is not the hand of heroes  
Battling for their fellow-men,  
Nor the helping hand of woman,  
Nor the hand that wields the pen,  
Nor the hand that beats the carpet  
On the backyard fence unfurled,  
But the hand that beats four aces  
Is the hand that rules the world.  
—Chicago Record.

**Not at All.**  
"Do you find," inquired a man who was in search of information, "that typewriter girls as a class are clannish and exclusive?"  
"No," answered the man who had the information to give out. "They are not; though each one, of course, always has her own click."—Chicago Tribune.

**Capillary Distinctions.**  
Mrs. Cumso (reading)—It is the custom in Chester, Pa., for men to indicate whether they are married or single by the way they wear their hair. Single men part their hair on the left.  
Mr. Cumso—Here the custom is somewhat different. Married men wear their heads bald.—To Date.

**The Best, After All.**  
Maud—I hear proposing parties are all the style. The girls do the proposing, and the one who proposes the best gets the prize. Have you been to any?  
Ethel—No; but I had a proposing party come to me the other evening. How do you like my ring?—Harper's Bazar.

**The Attraction.**  
Madge—I never thought you would become engaged to such a bashful fellow. He seldom says more than a word at a time.  
Dolly—I know he is a dreadful conversationalist, my dear, but it's his money that talks.—N. Y. World.

Cupid breaks his bow at the sight of a face full of pimples and blotches. Hollow cheeks, sunken eyes, and a sallow complexion will defy his best intentions. Beauty is more than skin deep. The skin is merely the surface on which is written in plain characters the condition of the body.  
Dr. Pierce's Golden Medical Discovery is good for the complexion because it makes the whole body healthy—because it clears and purifies the blood, makes the digestion strong and clears out impurities of all kinds. By increasing the ability to assimilate nutritious food, and by the infusion of its own ingredients it enriches the blood and so makes solid, healthy flesh. It cures diseases of the lungs, liver, stomach, bowels, skin and scalp, simply because all these diseases spring from the same cause—a disordered digestion and consequent impure blood. Sold by all medicine dealers.

**Men's Cutaway Dress Suits**

have been cut away in length, and cut away in price this season. Never sold as good suits for the money and never expect to again. They are the newest products from the best looms. We can fit any man that walks the earth.

**You're Welcome to Look at Them.**

Won't urge you to buy. The prices will do the talking, and will win your business, on quality, style, make-up and finish.

**FARMERS, LOOK HERE!**

Why raise low grade tobacco when you can raise No. 1, worth double? Why continue to grow shrunken barley when plump grain brings double price. You can insure a good catch of grass seed by using Fertilizer, and greatly increasing next year's crop. Call and see what I have to say. Valuable information free, at warehouse. Also remember I want your wool.

**. Lady's Thistle .**

This wheel is distinctively Thistle in every part. The frame is exactly similar to that of the first lady's bicycle built by us—it gives the rider the same position as secured on our gentleman's wheel. The distance from handle bar to saddle post is such that there is no inconvenience in mounting or dismounting. We believe that a lady's wheel should and could be built as light as a gentleman's—following this belief we have made the Lady's Thistle, during the past three seasons, the same weight as our Roadster. This year, as last, it will weigh 21½ to 22 pounds. The line is most graceful, the finish most elegant, making the wheel present a most attractive, beautiful and stylish appearance. It is such a bicycle as would be chosen by any one in search of a strictly modern ladies' wheel.

The very acme of good taste, and economical

generous lapels and wide fronts that fashion  
has put the stamp of approval on. The man  
who spends any time in the country, or who  
goes vestless in the summer time, can appear  
well dressed in this style. It our kind of
